

Occupational Licensing Act 2005

Occupational Licensing (Nominated Manager - Approved Course of Training) Notification 2008

I, Robert Lindsay Pearce, Administrator of Occupational Licensing, acting pursuant to regulation 14(2)(b) of the *Occupational Licensing (Electrical Work) Regulations 2008* approve this day the following course of training for a Nominated Manager.

1. Short title

This notice may be cited as the Occupational Licensing (Nominated Manager - Approved Course of Training) Notification 2008.

2. Commencement

This notice takes effect on the day fixed for the commencement of section 7(1) of the *Occupational Licensing Act 2005*.

3. Purpose

This notification establishes an approved course of training for nominated managers relevant to the management of the electrical contractor's business under regulation 14(2)(b) of the *Occupational Licensing (Electrical Work) Regulations 2008*.

4. Application of Acts Interpretation Act 1931

The *Acts Interpretation Act 1931* applies to this Notification.

5. Interpretation

In this Notice, unless the context otherwise requires -

“registered training organisation” means a business which is registered in the national training register as a registered training organisation, whether that business is a local registered training organisation or an interstate registered training organisation;

“training package” means a set of nationally endorsed (by the National Quality Training Council) standards and qualifications for recognising and assessing people's skills. Within this Determination, the training packages include, but are not limited to –

- (a) Electrotechnology Training Package; and
- (b) ESI - Transmission, Distribution and Rail Training Package.

6. Approved Course of Training - Nominated Manager

To satisfy the requirements of regulation 14(2)(b) of the *Occupational Licensing (Electrical Work) Regulations 2008*, a person must successfully complete the following –

- (a) (i) the Tasmanian-registered training module known as NON-M0093 – Electrical Requirements, Metering and Reticulation;
 - (ii) the Electrotechnology Training Package module EA102 – Establishing an Electrical Contracting Business;
 - (iii) the Electrotechnology Training Package module EA103 – Small Electrical Business and the Law;
- or
- (b) the Electrotechnology Training Package unit of competence UEENEEG014 – Develop plans and compliance policies to conduct a contracting business;
- or
- the equivalent to (a) or (b) above.
